Text Message Treatment Reminder Consent

By agreeing to these Medication Reminders (“Program”) text message terms and conditions, you agree to receive text messages on your mobile device subject to the Terms & Conditions described below. You understand that this consent is not a condition of purchase or use of ENTYVIO or of any Takeda product or service.

Message frequency depends on participant’s preferences while enrolled in the Program up to a maximum of 5 messages per month. There is no fee payable to Takeda to receive text messages; however, your carrier’s message and data rates may apply.

You represent that you are the account holder for the mobile telephone number(s) that you provide to opt into the Program. You are responsible for notifying Takeda immediately if you change your mobile telephone number. You agree to indemnify Takeda and any third parties texting on its behalf in full for all claims, expenses, and damages related to or caused, in whole or in part, by your failure to immediately notify us if you change your telephone number, including but not limited to all claims, expenses, and damages related to or arising under the Telephone Consumer Protection Act. You may notify Takeda of a number change by calling 1-844-368-9846.

Data obtained from you in connection with your registration for, and use of, this SMS service may include your phone number and/or email address, related carrier information, first date and frequency of using this program. Takeda will not be liable for any delays in the receipt of any SMS messages as delivery is subject to effective transmission from your network operator.
